

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each and every international industry. Transporting industrial goods happens each and every day on our busy planet. Initially innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first lift truck. Over the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing locations outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures several models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
